

Movie Night at the Grange – 1/18/2013

Join us on Friday, January 18 for an optional potluck at 6PM, followed by the movie “The Vanishing of the Bees” at 7PM. After the movie there will be a discussion period.

This film documents the worldwide disappearance of the honeybee. It explores mankind’s connection with honeybees, our current agricultural practices, and some of the positive changes that have resulted from the “Colony Collapse Disorder” crisis. It provides tangible suggestions for how we can support these essential pollinators.

Refreshments will be provided, and donations are requested.

If you are interested in keeping bees, a series of beekeeping workshops are scheduled to start on January 23. Check out the main page of our website for updates.
