

Planning Meeting for a Sustainable Living Fair – 2/13/2013

Transition Aromas is in the early stages of planning a Sustainable Living Fair in Aromas for the autumn of 2013. Such a festival would provide a fun setting where people could discover ways to use energy and water more efficiently, find more locally produced food, connect with local businesses and services, and network with their neighbors.

We envision booths, demonstrations, and hands-on activities related to food, water, energy, transportation, and local business.

This is an ambitious plan that can be accomplished by many people each taking a small part. If you would like to help create a Sustainable Living Fair in our town, please come to the first planning meeting at the Aromas Water District Office on Wednesday, February 13th at 7 PM.

If you are interested, but cannot attend, please contact us at info@transitionaromas.org or call Wendy at 726-3406. Your input will be ever so welcome.
